Eisenhower High School Bond Update

EISENHOWER HIGH SCHOOL FIELD IMPROVEMENTS

PROJECTS

- Continue safety focus through ongoing projects to enhanced door hardware and impact and shatter resistant glass.
- Enhance technology through installation of interactive projection and teacher voice amplification system.
- Add synthetic turf to softball and baseball fields
- Replace paving at Swinehart Field
- Improve fan experience surrounding Swinehart Field
- Improve Swinehart Field's press box and home and visitor bleachers

Our district is continuing to move forward with the commitments made to UCS voters as part of the 2023 Safety and Success Bond Issue. Already, significant improvements were made to the commons area that leads into our gym and pool areas.

This spring, work will begin on a series of improvements to our athletic facilities that will enhance safety and be a visible reflection of our Eagle pride.

The upgrades will include improvements to our fields at Eisenhower High School and a transformation of Swinehart Field.

While we keep the end goal in mind, we recognize this work will require some flexibility on our part. Your support is appreciated.

Go Eagles!

Q and A about Eisenhower High School Improvements

What is the timeline for the improvements?

Work on the athletic improvements will begin this spring and continue through the spring of 2026. The improvements at Swinehart Field will begin after the spring season and are projected to conclude in the fall of 2026.

How will this impact our athletics season?

Our athletics department will be working closely with coaches to ensure that our seasons can continue without interruptions. During certain portions of the improvement process, practices or games may be staged at other available facilities. Flexibility will be important as we work to transform our facilities.

What is the status of improvements to Runkel Field?

The Swinehart Field and Runkel Field improvements will be staggered to ensure we are meeting the expectations of our community for field availability and providing resources available to athletes. Swinehart Field will receive work initially, with work at Runkel Field to be scheduled following the reconstruction of Swinehart.

Where can I get more information?
