6. Members working overtime will not be required to work more than twelve (12) hours in any one shift.

Section I. District Closure

If conditions are such that employees are not to report, then administration will institute a fan-out notification system.

Article 23 – Working Provisions

An Employee may, on occasion such as vacations or periods of illness, do the tasks listed for other employees within their job classification.

The Skilled Trade Leaders are charged with the operational responsibility of their assigned departments, along with the proper scheduling of work and other related duties necessary for the efficient operation of the department as may be assigned by their supervisor.

Emergency status occurs when there is an accident that is beyond the control of the school district and is for a short period of time. In no case shall emergency status extend beyond the time necessary to provide a safe and healthy condition. No employee will be kept on an emergency status longer than the immediate emergency exists.

From time to time, the Employer may establish or revise its rules and regulations governing the employees. When new rules are established or existing rules revised, they shall be posted prominently on all bulletin boards for a period of ten (10) working

days before becoming effective. The Union shall be given prior written notice of all additions and changes to such rules and regulations and an opportunity to meet and discuss.

The Employer shall prepare and post on the bulletin board, at least once a year, a listing of all rules and regulations.

Painters will report to Maintenance, in uniform, by the start of their scheduled shift. They will leave the TMG location within fifteen (15) minutes of the start of their scheduled shift unless directed otherwise by an administrator. The purpose of this reporting is to handle any necessary paperwork and to drop off and/or pick up uniforms. It is expressly understood that they will not be reimbursed for mileage to their work locations.

Employees required to use their own vehicles to travel from the Skilled Trades Department to and from their work sites will be reimbursed by the district at the current rates established by the District.

Section A. Uniforms

Uniforms shall be provided by the Employer to Skilled Trades personnel every two years.

There shall be eleven (11) shirts (choice between long sleeve, short sleeve, and/or polo style), two (2) t-shirts, and eleven (11) pants issued to Skilled Trades personnel with five (5) set changes per week. Five (5) coveralls, for plumbers and H. & V. employees, two (2) for all others. Employees will be allowed a choice of cotton uniforms or polyester uniforms. Coveralls are to be worn outside or when the employee believes it is appropriate for indoor work. These coveralls may be obtained in addition to regular uniforms for Skilled Trades employees if requested. Recognizing that employees have differing uniform needs, the foregoing may be adjusted.

Employees may request adjustments in writing. These requests are to be sent to the Director of Maintenance who shall make the final determination.

Uniforms shall be required of employees while on duty.

All Skilled Trade personnel must wear an acceptable safety shoe while on duty. Standards will be developed by the administrator in consultation with Union leadership. An employee will receive reimbursement each fiscal year for the purchase of approved industrial oxfords or approved industrial high cuts. The reimbursement will be made after presenting proof of purchase. An employee may be exempt from the mandate to wear work shoes if the District can confirm a medically necessary condition from a medical doctor that the employee should not wear work shoes. Such employees are not eligible for payment as provided in this article. The amount of reimbursement shall be no more than \$200.00.

Article 24 – CDL Licensing

The purpose of this Article is to insure that the Skilled Trades Department has sufficient personnel in each trade classification licensed to operate school district equipment that does, or may, require a Commercial Driver's Licensing.

The District shall determine how many employees from each classification will be required to secure a Commercial Driver's License (CDL) if there is additional equipment which requires the operator to have a CDL. As of July 1, 2000, the requirement is at least one person in each trade, except electricians.

In the electrician trade all employees who hold a CDL as of 4/01/01 will be required to keep and have a CDL. All new hires in the electrician trade will be required to secure

and hold a CDL as a condition of employment. The electrician leader is required to hold a CDL.

The District will initially ask for volunteers in order to secure the required number in each classification. If there are insufficient volunteers, then employees will be required, in inverse seniority, until the required number is met.

The Board of Education shall pay for the training and cost of the test for the employee to receive an initial CDL license pursuant to this Article. Any costs to maintain the license or to add required endorsements will be borne by the Board of Education.

The Board of Education has the right to decide to have the individual who failed the test for CDL Licensing to retake the test or select the next senior employee. Employees required to have a CDL shall be paid \$250.00 per year upon issuance and renewal of the CDL.

Employees in the Skilled Trades Department who are in possession of a school district sponsored CDL license shall be subject to the Department of Transportation Random Drug and Alcohol Testing Program.

Article 25 – Health and Safety

Section A. Emergency Plans

It is recognized that the health and safety of employees is a prime concern of the Board. Therefore, a district-wide emergency plan providing for individual building and department programs will be established and modified periodically by the Board and maintain its effectiveness. This procedure is a proper subject for discussion at a Labor/Management meeting.

Section B. Unsafe or Hazardous Conditions

Bargaining unit members shall not be required to work under unsafe or hazardous conditions in the work place. If the employer and the bargaining unit member disagree as to the safety of working conditions, an outside third party will be brought in, e.g. OSHA, to determine the safety of the workplace.

In the event of an on-the-job accident in which the employee is entitled to benefits under the Workers' Compensation Act, the balance of the employee's average weekly earnings not covered by Workers' Compensation shall be covered by sick leave pay, and this portion (sick leave) only to be deducted from the employee's accumulated sick leave. The portion of sick leave to be deducted will be one sick day for every three (3) days covered based on the employee's regular daily rate.

An employee unable to work due to an on-the-job injury must obtain appropriate leave of absence in accordance with the appropriate article of this agreement.

5. The granting or denial of the Career Change Leave shall not be grievable.

Section G. Union Notification

The Union is to be notified of all unpaid leaves when granted by the Administration. Such leaves shall not constitute a “vacancy” and thus a temporary employee may fill in this position until the end of the leave.

Leaves may be extended by the employer for good cause. Such extensions shall not exceed one (1) year.

Section H. Family Medical Leave Act

Employees will be permitted leaves pursuant to the provisions of FMLA. Such leaves will be coordinated with other leave provisions (paid and unpaid) provided under this Agreement.

Article 32 – Short Term Disability Insurance

The establishment of a Short Term Disability Program, “an in-house program,” is a mutual effort by the Union and the Board of Education. The Board of Education will cooperate in the operation of this program.

For the purpose of this Short Term Disability Program, a disability is an absence that is medically certifiable as incapacitating an employee from performing their duties. At times it may be necessary to request a second or alternate opinion of the disability. The cost of the alternate/second opinion shall be borne by the party that selects the medical expert.

The primary purpose of the Short Term Disability Program is to provide compensation at the employees daily rate or up to a maximum of \$200.00 per day of disability during periods of protracted and unavoidable absence due to their incapacity to perform the duties and responsibilities of their job.

An employee shall be allowed a maximum of one hundred (100) consecutive working days for each incident. Elective surgery shall not qualify a member to be compensated from the Short Term Disability Program.

Recurrent Disability is a disability which is contributed to by the same cause(s) or is the result of the same cause(s) of a prior disability for which a benefit was payable. If after a period of total disability for which benefits are payable, the covered employee resumes their regular occupation and does each main duty for a continuous period of six (6) months or more, any recurrent disability will be part of a new disability and a new thirty (30) working day window period must be completed before any further monthly benefits are payable. If the covered employee resumes their regular occupation and does each main duty for less than six (6) months, a recurrent disability will be part of the same disability.

An employee who exhausts the one hundred (100) consecutive working day draw from the Short Term Disability Program is not eligible for the Short Term Disability Program until the employee has returned to work and completed not less than one (1) full year on the job.

Employee's whose working schedule is less than fifty-two (52) weeks, are not eligible to draw from the program during the periods of time that they are not normally scheduled to work.

This program is available to all eligible seniority bargaining unit members. Probationary employees are not eligible until they have satisfactorily completed the forty-five (45) working day probationary period and signed an enrollment card.

The first thirty (30) consecutive working days of absence due to a disability shall not be covered by the Short Term Disability Program. The thirty (30) working day window period must be satisfied prior to becoming eligible for payment from the Short Term Disability Program for each incident.

Employee's wishing to participate in the Short Term Disability Program must make formal application to the Short Term Disability Committee prior to the expiration of the thirty (30) working day window period. A medical report fully certifying the disability must accompany the formal application for withdrawal from the Short Term Disability Program, which will be in duplicate, the original to be filed with the Employee Benefits Office in the Human Resource Department. A duplicate will be kept on file by the union's committee of the Short Term Disability Program.

A member of the Short Term Disability Program on a non-compensable leave of absence due to reason of disability is eligible to apply for coverage by the Short Term Disability Program and may use these non-compensable days to satisfy the window period of this program.

An employee shall not receive compensation from the Short Term Disability Program due to absence resulting from an on-the-job injury.

Payment from the fund does not qualify an employee as being at work for the purpose of accruing/earning sick leave, vacations, or benefits computed on the basis of the number of days in a month the employee receives compensation.

Medical reports fully certifying disability must accompany the request for absence leading to the utilization of the Short Term Disability Program. Additional medical reports will be required to be filed with the Employee Benefits Office in the Human

Resource Department each pay period at the employee's expense, while receiving compensation from the Short Term Disability Program.

The Short Term Disability Program is based on \$0.09 from 2004-2005 wages and will be funded with payments of \$7,113.60 annually each July 1 for the contractual agreement years 2024-2027. If the fund is depleted during any fiscal year (July 1 – June 30), payments will be discontinued for the remainder of the fiscal year and members of this unit shall have no claim or recourse to establish compensation from the Short Term Disability Program. If there is a balance in the fund at the end of the fiscal year, this balance will be added to the \$7,113.60 payment to the fund made at the beginning of the next fiscal year.

The Union will collect enrollment cards that must be forwarded to the Employee Benefits Office. A duplicate will be kept on file by the Short Term Disability Union Committee.

The Short Term Disability Program will be controlled by the Board of Education. A committee of not more than three (3) union members will be selected by the Union Chairperson, to assist in interpreting the provisions of the Short Term Disability Program to the membership and to advise the Employee Benefits Office in the Human Resources Department regarding the operation of Short Term Disability Program. Final authority of the operation and interpretation of the Short Term Disability Program shall be vested in the Board of Education.

An employee on lay off or non-disability non-compensated leave of absence shall not be able to receive compensation days from the Short Term Disability Program.

Employees who are members of the Short Term Disability Program when laid-off or placed on a non-compensated leave of absence shall be allowed to continue their membership upon return to work or recall.

The Short Term Disability Program will be implemented October 12, 1987. The October 12, 1987 date will be the first date of the beginning of the thirty (30) day working day window period.

The Board of Education shall, at its sole discretion, determine whether or not payments shall be made from the fund and to whom such payments shall be made. Any determination made by the Board shall be final.

Decisions made by the Board regarding the fund shall not be subject to the grievance procedure.

The Union agrees to hold the Board, its officers, agents or employees harmless from any and all liability of any nature whatsoever which may result from any action of the Board relating to the fund, including but not limited to, the cost of defending any claim filed against the Board.

The Union agrees, upon request, to defend the Board, its officers, agents or employees in any suit brought against all or any of them regarding this article of the Master Agreement, and to indemnify the Board, its officers, agents or employees and save them harmless from any and all claims, demands, awards, fees, costs, suits, lost wages or damages which may be imposed or assessed against all or any of them regarding this Article of the Master Agreement.

The Union further agrees that the Board will have no liability with reference to any actions it takes regarding the fund, except for the Board's failure to make the contributions called for in this Article.

Employees who are denied payment agree to hold harmless the Union and the Board of Education.

Article 33 – Holidays

The employees shall receive eleven (11) holidays annually. Such days shall be determined by the Board of Education annually.

An employee retiring during a holiday period shall be paid full holiday pay provided the employee works the day prior to the holiday period.

Article 34 – Vacation

Section A. Eligibility

An employee shall be eligible to receive accrued vacation benefits after attaining seniority employment as a full time, permanent twelve (12) month employee.

Section B. Earning Credits

An employee shall earn credits toward vacation with pay in accordance with the following schedule based on the anniversary date of hire and the end of the fiscal period, June 30th.

1. 5/6 of a day per month

The first four (4) completed anniversary years of an employee, for vacation purposes, shall be calculated at the rate of 5/6th of a day per month worked, up to a maximum of ten (10) days per fiscal year.

2. 1-1/4th days per month
