12TH GRADE NEWS

The Senior Capstone Projects are finished! Below two groups of seniors worked with Zero Tolerance to design and machine a mold that will make their product using injection molding. The seniors will showcase their Capstone projects at the senior banquet on Wednesday, May 7.

MADE Senior Banquet

We look forward to celebrating all seniors and their families at the Senior Banquet on the evening of May 7, 2025. The banquet will open with the Capstone project walk through at 6:00 p.m., dinner will be served at approximately 6:30 p.m., and senior awards will follow dinner.

Upcoming Senior Dates

- May 12 – Honors Night, Invitation Only
- May 19 – Titan Scholars, Invitation Only
- May 23 – Senior's last day and Senior picnic
- May 28 – Senior Prom, 6:00p.m. – 10:00 p.m. at Penna's
- June 2 – Mandatory Graduation Practice at 11:00 a.m. (arrive by 10:30 a.m.)
- June 7 – Graduation, O'Rena at 10:00 a.m.
- June 7 - Senior All Night Party, 7:00 p.m.

11TH GRADE NEWS

MADE juniors in the Design Engineering pathway have been working with General Motors to help operators with assembly line problems. Students met with the General Motors Functional Interview Team throughout the semester and presented their solutions to the team as shown in the photos below.

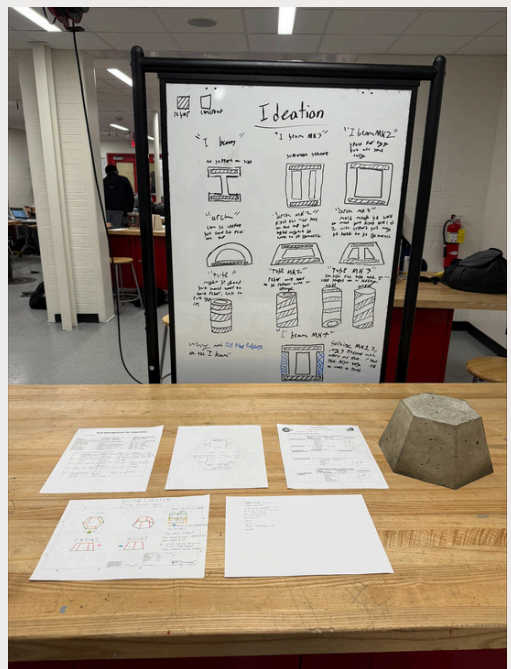

In English, juniors are reading Dystopian novels in small groups. Each group was asked to build and discuss an important event from their novel using Lego bricks.

10TH GRADE NEWS

The sophomores designed and built concrete shelters to withstand tests simulating nuclear destruction. Each group was given a specific amount of cement to use in the mold they designed and were able to add extra material to reinforce their shelter. They also placed a valuable item inside the mold to represent life.

MADE NEWS

School-to-Work

The objective of the Stevenson School-to-Work (STW) Program is to connect classroom learning with work-based learning experiences, prepare students for the move from classroom to the workplace, support supervised on-the-job training, and help students make career decisions.

Students will:

- Develop the essential skills and habits required in the workplace.
- Receive a grade and credit towards graduation for this full year course.
- Gain valuable paid work experience to help build a resume for post-secondary programs and future employment in a variety of career areas.

For more information about how to apply to the STW program, contact Mrs. Gendelman at Janet.Gendelman@uticak12.org.

MADE STW Student Spotlight

Trenton, Senior Fabrication Major

- Future Career Goal: Welding
- STW Position: Receiving Inspector at Super Heat Treat
- I love my job because: I enjoy the people I work with and learning more about the heat-treating processes.
- Students should consider MADE and STW because: You will improve your welding skills and be prepared for a future career!
